

GOAL ZERO YETI® 1500X, 3000X & 6000X

We took everything our customers love about the Yeti experience, and made it even better. Equipped with new features and bigger storage capacities, our new large Yeti X power stations are ideal for powering vans, cabins, tailgates, base camps, essential circuits in your home, and more.

NEW FEATURES

Increased 2000W AC inverter allows you to run just about anything you could from a wall outlet.

Equipped with **60W USB-C Power Delivery ports** for fast-charging phones, MacBooks, and other USB-C devices.

2X faster wall charging with the introduction of our new faster Yeti Power Supply.

Integrated MPPT provides up to 30% more efficient charge times when charging from solar.

12V regulated port allows for greater compatibility with powering 12V devices such as portable fridges.

WHAT IT POWERS:
personal electronics, power tools,
electric grills, medical devices,
fridges, televisions, essential
circuits in your home, and more.
